DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see page 6, lines 12-19, filed 12/21/2006, with respect to the rejection(s) of claim(s) 6-11 under 35 U.S.C. § 103(a) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

Priority

2. Applicant's claim for the benefit of a prior-filed application under 35 U.S.C. 120 or 121 is acknowledged.

3. Submission of the translation of the foreign language application (JP 3-296331, filed 10/16/1991) is acknowledged.

Allowable Subject Matter

4. Claims 6-11 are allowed.

5. The following is an examiner's statement of reasons for allowance: A closely related art, Tsujikawa et al. (USPN 5,051,570), discloses, inter alia, a semiconductor device comprising a substrate having an insulating surface; at least first and second semiconductor islands formed over said substrate; an insulating film formed over said first and second semiconductor islands; a first interlayer insulating film formed over said first and second semiconductor islands; and a second interlayer insulating film formed over said first interlayer insulating film. However, independent claims 6, 9, 10 and 11 also require a wiring formed on said insulating film for electrically connecting one impurity region of the first semiconductor island with a second gate electrode of the second semiconductor island. The above limitations in combination with other

claim limitations are not taught or fairly suggested by the prior art nor would it be obvious to modify the references of record so as to yield the device of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sue Purvis can be reached on (571) 272-1236.
